Dough Friendly Company

V 700 SR® CLEANTEC

This divider can be equipped with a SR dividing unit with the following benefits:

- Higher resistance to aggressive (sour)doughs
- A higher weight accuracy over a longer period
- Less oil usage because of less wear
- Very easy to clean
- Wet cleaning possible
- High IP protection grade on the drives

Cleaning is easier and faster

The V 700 divider is developed for medium sized and industrial bakeries for dividing and portioning all possible dough in automated dough make up lines.

The SR dividing unit is made of sour resistant high quality stainless steel, resulting in a double life time of the division box. In combination with the optional CleanTec version, this will lead to:

Both options, the SR unit and CleanTec are now available!
